## **Basis for Opinion on the Audited Standalone Financial Results for the year ended March 31, 2023**

- a) We invite attention to note no. 4 (a) of the statement, detailing the recognition of claims during the earlier years in respect of on-going, completed and/or terminated contracts. The aggregate amount of claims outstanding as at March 31, 2023 is Rs. 151.39 crores. These claims were recognised only on the basis of opinion of an expert in the field of claims and arbitration. There are no further updates from the expert, on the recovery of the claims, In view of the above-mentioned circumstances and facts we are unable to comment upon the amounts recognised, its realisation and the consequent effect on the financial statements for the year ended March 31, 2023.
- b) We invite attention to note no. 4 (b) of the statement relating to the claim of CMRL project wherein the Company has accounted the award at an amount of Rs 532.00 Crores. This amount includes an amount of Rs 123.08 Crores which is subject matter of appeal arising from the award. The company has given an unfunded exposure of Rs. 51.25 Crores in form of Bank Guarantee. The Company has accounted for the entire award to its account although the award is in the name of joint venture as detailed in the note. In view of the final fructification of the award amount and the settlement of the JV proceeds as detailed in the aforesaid note we are unable to opine whether the entire amount will be to the account of the Company.
- c) We invite attention to note no. 4 (c) of the financial statement relating to Trade receivables, inventories and loans and advances which includes an amount of Rs. 182.37 crores in respect of disputes in six projects of the Company and/or its SPVs. The Company is pursuing legal recourse/ negotiations for addressing the disputes in favour of the Company. Pending the conclusion of the matters we are unable to state whether any provisions would be required against the Company's exposure.
- d) We invite attention to note no 4(d) of the financial statement relating to penal interest and charges of Rs 91.11 crores during the year charged by the lenders on its facilities. Total amount of penal interest amount to Rs. 415.76 Crores up to March 31, 2023. The

same has not been debited to profit and loss account as management is disputing the same and in discussion with the lenders for reversal of the said penal interest and charges. In the absence of conclusion of the aforesaid discussion, we are unable to state whether any provision is required to be made against such penal interest and charges.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial results under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

## **Material Uncertainty related to Going Concern**

We invite attention to note no. 7 of the Statement relating to the present financial situation of the Company detailing the Material Uncertainties Relating to Going Concern and the Going Concern assumptions. The lenders had in the previous years recalled all the loans and facilities and also the Company's Current Liabilities exceeds Current Assets by Rs 9,496.90 Crore as at March 31, 2023. The Company is finding it difficult to meet its financial obligations and the resolution plan is under consideration by lenders. The liquidity crunch is affecting the Company's operation with increasing severity. The trading in equity shares of the Company is presently suspended. Some of the creditors have filed for winding up petitions against the Company. The company has severe manpower issues and is defaulting on its statutory and regulatory obligations. The Company's resolution plan is under consideration by the lenders as detailed in the note no. 7 but the final approval of all lenders and the execution of the plan and its success involves material uncertainties that may cast significant doubt about the Going Concern Assumption. Our report is not qualified on this account.

## **Emphasis of Matter**

Without qualifying our opinion, we draw attention to the following matters :

- a) We draw attention to Note no 5 of the Statement relating to recoverability of an amount of Rs.291.42 crores as at March 31, 2023 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of Rs.7.56 crores

where the Company is confident of recovery. The recoverability is dependent upon the outcome of the appeals & negotiations getting resolved in favour of the company.

- b) We draw attention to Note no 6 of the Statement relating to the projects of real estate sector where the exposure is Rs. 23.33 crores. The management is confident of ultimate recovery of the amounts, and we have relied on the management assertions of recoverability.

## **Management's Responsibilities for the Statement**

Financial Results for the year ended March 31, 2023 as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Annual Standalone Financial Results, including the disclosures, and whether the Annual Standalone Financial Results represent the underlying transactions and events in a manner that

achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the Annual Standalone Financial Results of the Company to express an opinion on the Annual Standalone Financial Results.

Materiality is the magnitude of misstatements in the Annual Standalone Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Standalone Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Standalone Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## **(b) Review of the Standalone Financial Results for the quarter ended March 31, 2023**

We conducted our review of the Standalone Financial Results for the quarter ended March 31, 2023, in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs specified under section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## **Other Matters**

- a. The Statement includes the results for the quarter ended March 31, 2023, being the balancing figure between audited figures in respect of the full financial year and the published year to date figures up to the third quarter of the current financial year which were subject to limited review by us. Our report on the Statement is not modified in respect of this matter.
- b. The comparative financial information of the Company for the quarter and the year

**Notes:**

1. The Standalone Financial Results for the quarter and year ended March 31, 2023 were reviewed by the Audit Committee and approved by the Board of Directors of the Company at its meeting held on 28th October 2023 and have been audited by the Statutory Auditors of the Company.
2. Results for the quarter and year ended March 31, 2023 have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rule, 2015 and Companies (Indian Accounting Standards) Amendment Rule, 2016.
3. The figures of the quarter ended March 31,2023 are the balancing figures between the audited figures in respect of the full financial year and unaudited year-to-date figures up to the third quarter ended December 31,2022, which were subjected to limited review.
4. The auditors have qualified their report in respect of the following matters -
  - a) The Company had evaluated its claims in respect of on-going, completed and/or terminated contracts in the earlier periods which amounts to Rs. 151.39 crore as at March 31, 2023 with the help of an independent expert in the field of claims and arbitration who had assessed the likely amount of claims being settled in favour of the Company. The management contends that there is no change in position during the quarter and the same are due to them and they have a very good chance of realisation.
  - b) The Company has accounted the award at an amount of Rs 532.00 Crores. This amount includes an amount of Rs 123.08 Crores which is subject matter of appeal arising from the award. The company has given an unfunded exposure of Rs. 51.25 Crores in form of Bank Guarantee. The Company has accounted for the entire award to its account although the award is in the name of joint venture as detailed in the note.
  - c) There are disputes in six projects of the Company. The total exposure against these projects is Rs. 182.37 Crore consisting of receivable of Rs. 60.70 crores, inventory Rs. 43.96 crore and other receivables Rs. 77.71 crores. The Company is pursuing legal recourse / negotiations for settling the disputes in favour of the Company and is of the opinion that it has a good case in the matter hence does not require any provision considering the claims of the Company against the Clients.
  - d) During the Year ended March 31, 2023 two lenders have levied penal interest and charges of Rs 91.11 Crores. Total amount of penal interest and charges amounts to Rs. 415.76 Crores up to March 31,2023. The management is disputing the same and has not accepted the debit of excess penal interest and charges in its books. They have also requested the lenders to reverse the same.

In the resolution plan which is approved by seven lenders, this amount is likely to be reversed and the resolution plan does not consider the Company liability to pay this.

5. The Company in evaluating its jobs has considered an amount of Rs. 7.56 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.

In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs.291.42 Crore in the previous years, which is part of Long-Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favorable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favorable verdict from the courts.

6. The Company has receivable including retention amounting to Rs. 23.33 Crore receivables in various jobs relating to the Real Estate Projects due to the problems faced by the Real Estate Sector. The management is confident of ultimate recovery considering its contractual position and therefore no adjustments are required to be made in respect of such contracts.

7. **Material Uncertainty Relating to Going Concern:**

The Company's operations have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, operational issues etc. The Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment. Also the Company's current liabilities exceed the current assets by Rs 9,496.94 Crore as at March 31, 2023. It only increased further in the quarter. The facilities of the Company with the Secured lenders are presently marked as NPA since June 2017. The liquidity crunch has resulted in several winding up petitions being filed against the Company by various stakeholders for recovery of the debts which the Company has been settling as per the mutually agreed repayment terms. The liquidity crunch is affecting the Company's operation with increasing severity. The Secured lenders have recalled the various facilities, initiated recovery suits in the Debt Recovery Tribunals as well as filing a winding up petition with the National Company Law Tribunal, Mumbai bench under the Insolvency and Bankruptcy code.

The Company has been making every effort in settling the outstanding Lenders dues.

Pursuant to the execution of the Inter Creditor Agreement (ICA) the lender appointed M/s

Deloitte Touche Tohmatsu India LLP as Process Advisory (PA) in the resolution process of the Company. On the recommendation by Deloitte the Company signed an engagement letter with Duff and Phelps (D&P) to carry out the valuation of the Company and estimation on the recoverability of arbitration claims of the Company and on such terms and conditions as directed by IDBI Bank.

In furtherance to the execution of the ICA, the Company submitted a draft resolution plan to the consortium of lenders. Pursuant to the submission of the resolution plan, seven lenders including the lead monitoring institution provided their in-principle sanction to the company and the company is pursuing for the approval with other lenders as well.

Due to delay in approval of resolution plan by other Bankers the fund through which Everstone (Investor) was intended to invest was closed. However, Everstone has shown a keen desire to invest with next available fund.

Due to time constraint, Gammon has proposed an alternate investor with the same terms and conditions for the revival of the Company which is accepted by the Bankers. The lenders discussed the above matter at the Joint Lenders meeting dated 5th March 2022 and while accepting the offer were willing to take up with their higher management for resolution plan of the Company. The Company is awaiting the sanction of the lenders. The resolution process is in the advanced stage and the management is hopeful that the sanctions will be received soon.

Meanwhile the company has received a notice from Union Bank of India and Punjab National Bank under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act 2002, taking over the possession of the Gammon House property including the land appurtenant to it. The company has been restrained from parting with the rights over the said property. The total demand raised by this notice is Rs. 1136.71 Cr. Pursuant to SARFAESI Union Bank of India has also issued several e-auction notices the latest on February 20, 2023.

The management is hopeful of obtaining approval of all the lenders to the above plan and execute documents accordingly and maintain its going concern status and to that effect is continuously engaged with the lenders for a solution.

Therefore, in the view of the management the going concern assumption of GIL is intact and these financials are prepared on a going concern basis. The above action plan of the Company for repaying the debts and servicing the same including the necessary value of the balance stake being available and realisation of the claim amounts filed by the Company, monetisation of the stake sale of investments and also the acceptance of the resolution proposal by the lenders is exposed to material uncertainties which may affect the going concern assumption.

8. The Company is engaged mainly in "Construction and Engineering" segment. The Company also has "Real Estate Development" as other segments. Revenue from such activities is significant

and accounts for less than 10% of the total revenue and total assets of the Company. Therefore no disclosure of separate segment reporting as required in terms of Indian Accounting Standard INDAS -108 is done in respect of this segment.

9. The Group has received an investment proposal from an investor in Sofinter for a sale of stake of 57.5% holding at an aggregate value of Euro 12 Million. Considering the sale proposal, the Company has made provision for impairment of its stake and exposure in Sofinter of an amount of RS 400 crores as at March 31, 2023.
10. On account of the company being marked as non-performing assets by the lenders no interest has been debited by majority of the lenders. The company has made provision for interest on the basis of the last sanction and last revision of terms. Therefore, the loan balances and finance cost are subject to confirmation and consequent reconciliation, if any.
11. The Exceptional Income /(Expenses) include the following

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Results**

### **(a) Audit of the Consolidated Financial Results for the year ended March 31, 2023**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Results for the year ended March 31, 2023 as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Consolidated Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Consolidated Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to

the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Annual Consolidated Financial Results, including the disclosures, and whether the Annual Consolidated Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Annual Consolidated Financial Results of the Company to express an opinion on the Annual Consolidated Financial Results.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture and its associates to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Consolidated Financial Statements of such entities included in the Consolidated Financial Results of which we are the independent auditors. For the other entities included in the Consolidated Financial Results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Annual Consolidated Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Consolidated Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Consolidated Financial Results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## 7. Material Uncertainty Relating to Going Concern

### a) Holding Company

The Company's operations have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, operational issues etc. The Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment. Also the Company's current liabilities exceed the current assets by Rs. 9,909.38 Crore as at March 31, 2023. Which has only increased further in the quarter. The facilities of the Company with the Secured lenders are presently marked as NPA since June 2017. The liquidity crunch has resulted in several winding up petitions

being filed against the Company by various stakeholders for recovery of the debts which the Company has been settling as per the mutually agreed repayment terms. The liquidity crunch is affecting the Company's operation with increasing severity. The Secured lenders have recalled the various facilities, initiated recovery suits in the Debt Recovery Tribunals as well as filing a winding up petition with the National Company Law Tribunal, Mumbai bench under the Insolvency and Bankruptcy code

The Company has been making every effort in settling the outstanding Lenders dues.

Pursuant to the execution of the ICA the lenders appointed M/s Deloitte Touche Tohmatsu India LLP as Process Advisory (PA) in the resolution process of the Company. On the recommendation by Deloitte the Company signed an engagement letter with Duff and Phelps (D&P) to carry out the valuation of the Company and estimation on the recoverability of arbitration claims of the Company and on such terms and conditions as directed by IDBI Bank.

In furtherance to the execution of the ICA, the Company submitted a draft resolution plan to the consortium of lenders. Pursuant to the submission of the resolution plan, seven lenders including the lead monitoring institution provided their in-principal sanction to the company and the company is pursuing for the approval with other lenders as well.

Due to delay in approval of resolution plan by other Bankers the fund through which Everstone (Investor) was intended to invest was closed. However, Everstone has shown a keen desire to invest with next available fund.

Due to time constraint, Gammon has proposed an alternate investor with the same terms and conditions for the revival of the Company which is accepted by the Bankers. The lenders discussed the above matter at the Joint Lenders meeting dated 5th March 2022 and while accepting the offer were willing to take up with their higher management for resolution plan of the Company. The Company is awaiting the sanction of the lenders. The resolution process is in the advanced stage and the management is hopeful that the sanctions will be received soon.

Meanwhile the company has received several notices from Union Bank of India and Punjab National Bank under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act 2002, taking over the possession of the Gammon House property including the land appurtenant to it. The company has been restrained from parting with the rights over the said property. The total demand raised by this notice is Rs. 1136.71 Cr. Pursuant to SARFAESI Union Bank of India has also issued several e-auction notices the latest on February 20, 2023.

The management is hopeful of obtaining approval of all the lenders to the above plan and execute documents accordingly and maintain its going concern status and to that effect is

continuously engaged with the lenders for a solution.

Therefore, in the view of the management the going concern assumption of GIL is intact and these financials are prepared on a going concern basis. The above action plan of the Company for repaying the debts and servicing the same including the necessary value of the balance stake being available and realisation of the claim amounts filed by the Company, monetisation of the stake sale of investments and also the acceptance of the resolution proposal by the lenders is exposed to material uncertainties which may affect the going concern assumption.

**b) Subsidiary Companies**

**Ansaldo Caldaie Boilers India Limited**

The Company is facing financial difficulties and material uncertainties relating to Operations and cash flows which is significantly impairing its ability to continue as a going concern. These conditions indicate the existence of significant uncertainty over the cash flows expected and the Company's ability to continue as a going concern.

**GHBV, GIBV, PVAN, ATSLBV, GIFZE, GHM**

The Company has underlying investment in Sofinter group and also land available in Francotossi Meccanica S.p.A.. As per the valuation reports for each companies the investment value is sufficient to cover the exposure in the respective SPV companies. The Company is also reviewing the resolution plan to cover the shortfall in Current Assets over Current Liabilities of these subsidiaries.

8. The Holding Company, in evaluating its jobs has considered an amount of Rs. 7.56 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.

In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs. 291.42 Crore, which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favorable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favorable verdict from the courts.

9. The Company has receivable including retention aggregating to Rs. 23.32 Crore in various jobs relating to the Real Estate Projects due to the problems faced by the Real Estate Sector. The

management is confident of ultimate recovery considering its contractual position and therefore no adjustments are required to be made in respect of such contracts.

10. One of the subsidiary companies, DIPL was classified as Non-Performing Asset (NPA) by Axis Bank in 2018 as Company was not able to service the repayments including the interest of the financial facility it had availed from Axis Bank. The subsidiary Company in consultation with Axis Bank and security trustees had made several efforts to restructure the debt through its existing shareholder(s) including but not limited to restructuring involving change in management of the subsidiary Company. Subsequently, Axis Bank approved an One-time Settlement (OTS) proposal received from an identified financial investor in terms of the restructuring framework prescribed by RBI. Accordingly, a tripartite agreement was entered between the subsidiary Company, its majority shareholder and the Financial Investor documenting various terms and conditions of the OTS. Also, as per the terms of tripartite agreement amounts receivable (including interest) from and payable to related parties of the majority shareholder has been written off with the consent to each of such parties. The OTS was accepted by the Lender for a settlement amount of INR 200 crores as on January, 24 2023 whereby the agreed OTS amount was required to be paid in Installments as agreed with the Lenders.

In accordance with the terms of OTS agreed by the Lender, the subsidiary Company has agreed to issue secured non-convertible Debentures (NCD) having face value of Rs. 10 each up to an extent of aggregate amount of Rs. 160.00 crores through private placement to the Financial Investor as per the agreed terms and conditions.

11. The Company's funded and non-funded exposure towards Franco Tosi Mecannica S.p.A (FTM) group is Rs.818.59 crores (fully provided) including Investments and guarantees towards the acquisition loan taken by the SPV. The commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. had already concluded the sale of the operating business of FTM to the successful bidder and has commenced the disposal of the non-core assets (i.e. those assets which were not part of the sale of operating business), which includes 60 acres of land in Legnano, Italy. The commissioner has not started the actual disposal of the property. However the liabilities to be discharged against the surplus on disposal (net of tax) are not yet crystallised and firmed up as on date. The Commissioner of the said FTM has released summarized statement of affairs from July 2016 to December 2016 from which also the values of assets and liabilities to be discharged there against are unclear.

The management was expecting that the value of the non core assets would be sufficient to cover the exposure of the company. However there has been no progress in the matter either for the disposal of the non core assets or ascertainment of the value of the non core assets by the commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. Considering the elapse of time and uncertainties relating to the value of the non core assets and its disposal, the management on a prudent basis has provided for the entire exposure, notwithstanding its ongoing endeavor to recover the value of the non core assets.

On account of the above facts and the absence of financial statements of the said FTM, FTM functions under severe long term restrictions which impair its ability to transfer funds to its parent. Further the parent does not have any control whatsoever as the entire control lies with the commissioner and the parent does not have access to information also. The Management of the Company and the Board of FTM have no say in the matter and has no access to records which are with the Commissioner. Therefore, in accordance with INDAS 110 – Consolidated Financial Statements, in the absence of control, the said FTM is excluded from Consolidation.

The said Subsidiary has therefore been accounted as Financial Instrument accounted on Fair Value through Other Comprehensive Income. Since no information is available from the commissioner, the fair value changes cannot be identified and the investment is carried without further fair value changes. However the entire exposure has been provided.

12. On account of the company being marked as non-performing assets by the lenders no interest has been debited by majority of the lenders. The company has made provision for interest on the basis of the last sanction and last revision of terms. Therefore, the loan balances and finance cost are subject to confirmation and consequent reconciliation, if any.
13. The Group is engaged in “Construction and Engineering” and “Real Estate Development” segment. Disclosure of segments is given in Annexure 1.
14. The Exceptional Income /(Expenses) include the following
